Alexander d 1761 settled in Bethlehem Twp. in nearby Hunterdon County, by 1747 and appears to be the father of Bridgit b 1759 who married Abel Everitt in 1781, and Hugh McMurtrie b ca 1760 and Alexander b 1750-55 who shows up in Orange Co., NY by 1790. (CF112, CF 108, CF125)

John 1752-1846 married in Somerset Co in 1781 and along with his brother James 1769-1837 moved to Orange Co NC by 1786 and to Sumner Co TN by 1794. DNA proves that this family is an Irish immigrant family and not descended from either CF 110,111 or 112/108.

John was assumed to be a son of James and grandson of Thomas d 1788 Somerset Co NJ until DNA in 2019 revealed this was not possible and that John and his brother James probably came to America just prior to the Revolutionary War from Ireland.
